

*22 Attachment 2*

Borough of Elizabethtown

**APPENDIX NO. 2  
CONSULTING AND APPROVING AGENCIES**

The following agencies or individuals are often referred to by the Planning Commission and Borough Council prior to plan approval. These agencies are important in that many of the requirements detailed in this Chapter are contingent upon their action. The list below also attempts to indicate the situations in which the applicant may have to contact the particular agency.

| <b>Agency or Individual</b>            | <b>Purpose</b>   |
|--|--|
| Borough Office                         | Water supply, sewage system and regulations; zoning requirements; building permits |
| Borough Engineer                       | Sewer Modules; Erosion and Sedimentation plans; floodplain location                |
| Pennsylvania DEP [Ord. 829]            | Sewer Modules; Erosion and Sedimentation Permit                                    |
| Lancaster County Conservation District | Erosion and Sedimentation Plans  |
| Pennsylvania DOT                       | Highway Occupancy Permit   |
| Pennsylvania Power and Light Company   | Electric lines, rights-of-way and street lighting plan                             |
| UGI Corp.                              | Gas line and right-of-way  |
| United Telephone System                | Telephone lines  |
| Warner-Amex Cable Company              | Cable television   |
| Lancaster County Planning Commission   | Submission of subdivision or land development plans                                |

(Ord. 663, 6/20/1985; as amended by Ord. 829, 11/15/2001)
