

# LANCASTER COUNTY IS GREEN TODAY!

## So what does that mean?

According to the PA Department of Health...

*"The green phase eases most restrictions with the continued suspension of the stay at home and business closure orders to allow the economy to strategically reopen while continuing to prioritize public health. While this phase will facilitate a return to a "new normal," it will be equally important to continue to monitor public health indicators and adjust orders and restrictions as necessary to ensure the spread of disease remains at a minimum."*
